Standard English Module A: Contemporary Possibilities Emily Bosco, Anthony Bosco, 2021-06-25 Alice Isn't Dead Joseph Fink, 2018-10-30 A New York Times Bestseller From the bestselling co-author of *It Devours* and *Welcome to Night Vale* comes a fast-paced thriller about a truck driver searching across America for the wife she had long assumed to be dead. This isn't a story. It's a road trip. Keisha Taylor lived a quiet life with her wife Alice until the day that Alice disappeared. After months of searching, presuming she was dead, Keisha held a funeral, mourned, and gradually tried to get on with her life. But that was before Keisha started to see her wife again and again in the background of news reports from all over America. Alice isn't dead, and she is showing up at every major tragedy and accident in the country. Following a line of clues, Keisha takes a job as a long-haul truck driver and begins searching for Alice. She eventually stumbles on an otherworldly conflict being waged in the quiet corners of our nation's highway system, uncovering a conspiracy that goes way beyond one missing woman **Steal the Stars** Nat Cassidy, Mac Rogers, 2017-11-07 *Steal the Stars* a debut novel by Nat Cassidy is based on the science-fiction podcast from Tor Labs written by Mac Rogers. Dakota Dak Prentiss guards the biggest secret in the world. They call it Moss. It's your standard grey alien from innumerable abduction stories. It still sits at the controls of the spaceship it crash-landed eleven years ago. A secret military base was built around the crash site to study both Moss and the dangerous technology it brought to Earth. The day Matt Salem joins her security team, Dak's whole world changes. It's love at first sight, which is a problem since they both signed ironclad contracts vowing not to fraternize with other military personnel. If they run, they'll be hunted for what they know. Dak and Matt have only way to be together: do the impossible. Steal Moss and sell the secret of its existence. And they can't afford a single mistake Hurt People Cote Smith, 2016-03-01 Summer of 1988 Leavenworth, Kansas, a town with four major prisons gripped by the recent escape of a convict. Yet for two young brothers, all that matters is the pool in their apartment complex. They spend their blissful days practicing dives while their divorcee mother works her day shift at the golf course and their policeman father patrols the streets. But when a mysterious stranger appears poolside and creates a rift between the brothers, the younger one wonders just what these visits to the pool might ultimately cost. Based on Cote Smith's well-received short story of the same name, *Hurt People* will hold you in its grip to the very last page. Eerily atmospheric, lean, and forceful, this is a debut from a slyly talented new writer **The Poltergeist Prince of London** James Clark, Shirley Hinchings, 2013-10-01 It began with a key. One afternoon in 1956 in the home of the Hinchings.

family in Battersea south London a small silver key appeared on Shirley Hitchings bed This seemingly insignificant event heralded the beginning of one of the most terrifying incredible and mysterious hauntings in British history The spirit who quickly became known as Donald began to communicate initially via tapping sounds but over time and with the encouragement of psychical researcher Harold Chibbett whose case files appear here by learning to write Soon the spirit had begun to make simply incredible claims about his identity insisting that he was one of the most famous figures in world history but what was the truth Here for the first time is the full story told by the woman right at the heart of it all Shirley herself

My Bed is an Air Balloon Julia Copus, 2018-10-02 When night falls my bed is an air balloon I sail through the slipsiverse close by the moon I float above treetops where flutertufts are sleeping And flowering hills where the whifflepigs go creeping Ponds strung with starlight that glitter like glass A floog with her velvet nose bent to the grass Such treasures I

spy on My bed in the trees Swings me up high like a circus trapeze Now the cool night rustling air Slips through my finger gaps ripples my hair Now we glide over water the moon s silver light Blown by a cloud puff into the bight Adrift on the sea where the dream shapes float When night falls my bed is a sailing boat A beautifully presented picture book with two front covers the text can be read from front to back and vice versa The mirror form poem meets in the middle in a stunning centrepiece image as the two children in the story twins one in an air balloon the other a sailing boat meet in the clouds

Hegel in A Wired Brain Slavoj Žižek, 2020-06-25 Slavoj Žižek gives us a reading of a philosophical giant that changes our way of thinking about our new posthuman era No ordinary study of Hegel Hegel in a Wired Brain investigates what he might have had to say about the idea of the wired brain what happens when a direct link between our mental processes and a digital machine emerges Žižek explores the phenomenon of a wired brain effect and what might happen when we can share our thoughts directly with others He hones in on the key question of how it shapes our experience and status as free individuals and asks what it means to be human when a machine can read our minds With characteristic verve and enjoyment of the unexpected Žižek connects Hegel to the world we live in now shows why he is much more fun than anyone gives him credit for and why the 21st century might just be Hegelian
