The Number of the Beast Robert A. Heinlein, 2022-04-19 The Number of the Beast is a mind bending experiment by one of the greatest writers in science fiction who ever lived and the author of the classic bestseller Starship Troopers It is a parallel book about parallel universes Most readers did not realize in 1980 when it was originally published that the novel had a sister book written in 1977 that was never published That book is finally being published under the title The Pursuit of the Pankera Both novels deal with parallel universes share the same main characters and have the same first one third of the book However from that point on after they make a jump to a parallel universe the novels diverge completely And here is where the second part of the experiment comes in While The Pursuit of the Pankera continues the adventure in a very customary Heinlein manner reminiscent of his earlier works The Number of the Beast becomes something very different On surface the book is about two men and two women who are attacked by aliens and then embark on roller coaster ride of an adventure through a myriad of universes But as Jack Kirwan wrote in The National Review describing The Number of the Beast thus is like saying Moby Dick is about a one legged guy trying to catch a fish The Number of the Beast is a homage to science fiction to his friends and to characters used in other books also serving as a parody and a lesson to anyone willing to listen in a way only Robert A Heinlein could have presented it

Bookish and the Beast Ashley Poston, 2020-08-04 A tale as old as time is made new in Ashley Poston s fresh geeky retelling of Beauty and the Beast now with a bonus Starfield story Rosie Thorne is feeling stuck on her college application essays in her small town and on that mysterious General Sond cosplayer she met at ExcelsiCon Most of all she s stuck in her grief over her mother s death Her only solace was her late mother s library of rare Starfield novels but even that disappeared when they sold it to pay off hospital bills On the other hand Vance Reigns has been Hollywood royalty for as long as he can remember with all the privilege and scrutiny that entails When a tabloid scandal catches up to him he s forced to hide out somewhere the paparazzi would never expect to find him Small Town USA At least there s a library in the house Too bad he doesn t read When Vance s and Rosie s paths collide sparks do not fly But as they begrudgingly get to know each other their careful masks come off and they may just find that there s more risk in shutting each other out than in opening their hearts
